

EMPOWER THE DIFFERENCE

Syngeon S.A. is a Luxembourg based independent Consulting company for European financial service providers, such as banks, capital management companies, custodian and depositary banks, fund platforms, securities service provider, brokerage agencies and insurance companies. We provide services from IT strategy to implementation, from process design to process implementation driven by market needs, efficiency increase or regulations. We keep an eye on market developments and develop future-oriented concepts.

Join our team in Luxembourg – the cosmopolitan country in the heart of Europe, the second largest center of excellence for investment funds and the largest private banking center in the Eurozone after the U.S.

SENIOR CONSULTANT (M/F/D) FINANCIAL SERVICES

What makes a good Senior Consultant (m/f/d) Financial Services? You know how to face complex challenges in everyday project life and master the successfully. Based on your long-time professional experience as consultant (m/f/d) in the financial services sector, you support our clients in the implementation of innovative business processes and requirements analyses. With your experience in the various banking businesses, you can provide both - our clients and business analysts (m/f/d) – with your advice and assistance.

What makes an interesting position for you? At the end of the day, you want to be sure that your work counts, that you make a difference, inspire others and move your clients and yourself further forward.

YOUR PROFILE:

- B.S./B.A. in a related discipline (i.e., Business, Economics, Computer Science, Information Systems, etc.) preferably with focus on Financial services and/or a commercial training at a bank or insurance company
- Minimum 5+ years of experience in Banking: Capital markets, Asset management, Retail banking, Securities settlement or payment transactions
- Professional experience in consulting and project experience in the areas of process- and project management
- Advanced knowledge in project management (GPM/IPMA or PMI certification a plus)
- Routine in business process management (analysis, modelling, optimization)
- You are driven by the possibility to gain deep insights into a wide range of companies during your multi-day customer appointments on-site
- Fluent in German, both in written and oral – this is a must
- Business fluency in English (written/oral), French would be a plus

YOUR RESPONSIBILITIES:

- Responsible planning and controlling of complex organizational and process management projects
- Design, implementation and where applicable optimization of new, innovative business processes and business performance monitoring design
- Drafting of requirement-, solution- and technical conception
- Supporting acquisition of projects and offer preparation
- Presentation of solutions and recommendations to our customers
- Customer coaching
- Mentoring of our financial services business analysts (m/f/d)
- Multi-day stay at customer-site, also in other European countries

WE OFFER:

- Permanent position
- Attractive salary package
- Possibility of participation in the company´s success
- Varied topics and projects with well-known customers
- A responsible task with potential for personal development
- Short decision-making paths and the flexibility of a cooperate team
